

FOR IMMEDIATE RELEASE

**Evergreen Recycling Participated In The “*Extreme Makeover: Home Edition*”
Las Vegas Project Offering Recycling Services**

March 23rd 2009- **Evergreen Recycling**, Southern Nevada’s leading commercial and construction recycler, **participated in the “*Extreme Makeover: Home Edition*” project recently completed in Las Vegas by donating recycling bins and services. In collaboration with the builder Wright Custom Home, Evergreen collected 19.92 tons of recyclable materials from the new construction of the Cerda family home.**

"We were happy to assist Wright Custom Home make the project as "Green" as possible and divert as much material as we could from the landfill. It was our pleasure to donate our time and resources to such a worthy cause," said Rob Dorinson, President of Evergreen Recycling. Dorinson was recently named by the Small Business Administration (SBA) as Small Business Person of the Year 2009 for the State of Nevada.

Recyclable materials collected and diverted from the landfill included plastics, metals, wood, cardboard, paper, drywall, and carpet pad. Materials are processed at Evergreen’s 50,000 sq ft, state-of-the-art Material Recovery Facility (MRF), then baled and shipped to worldwide markets for reuse.

In alignment with Evergreen’s mission, being a part of the “*Extreme Makeover: Home Edition*” project is a reflection of their corporate philosophy and practice to give back to the community and offer sustainable business solutions. **Tune-in Sunday, May 10th 2009, 8/7 central on ABC for the “*Extreme Makeover: Home Edition*” Las Vegas premiere.**

"*Extreme Makeover: Home Edition*," which has won back-to-back Emmy Awards as Best Reality Program (non-competitive), is entering its 6th season on ABC. The program is produced by Endemol USA, a division of Endemol Holding. Anthony Dominici is the executive producer; and David Goldberg is the president of Endemol USA.

Evergreen Recycling is Southern Nevada's leader in commercial, industrial, and construction recycling. Evergreen's operation has been praised by the U.S. Environmental Protection Agency (EPA), and remains the largest facility of its kind in Nevada, processing and annually recovering 140,000 tons of materials.
